

WATERJUSTICE

TRINITY INSTITUTE 2017

You are invited to join us for a day to consider water justice. Everyone is welcome. With webcasts from the Trinity Institute water conference we will learn why "Water is the hammer with which climate change will hit the earth." and what we can do about it.

We'll develop a deeper appreciation for water as a sacred gift, gain a thorough understanding of the relationship between water justice and climate change, and learn what we can do about water issues of access, pollution, drought, and rising tides.
