COVENANT GRANT APPLICATION

Over the last year the Covenant Team has supported a number of congregations with fulfilling their Covenant ministry initiatives. We are happy that we continue to have the opportunity to do that in 2017.

Below is some information that will be helpful as you consider your application.

First: The maximum grant for this year is capped at \$500. We will consider any application up to that amount.

Second: Applications must clearly be in support of your Covenant related ministry initiatives. Please include a copy of your covenant or supporting information with your application.

Third: Priority will be given to applications that relate to ministry and program rather than capital or building projects. At times these connect but there must be a clear connection between a capital request and how it will directly support a ministry program.
